HERTZEISEN-GIGER

"We were on a senior citizens' outing and needed to hire a coach to take us to St-Ursanne and onwards into the Franches-Montagnes, where we had reserved tables for lunch. Normally we travel with Hertzeisen on our trips to neighbouring France or Germany but I wasn't sure whether we could book a ride in the Jura. As it turned out, the company from Glovelier doesn't just operate abroad but also carries passengers in its home region. We were very satisfied with their service, though some of our older members had trouble coping with all the twists and turns of the Jura roads!"
