

GUIDED CITY TOUR, FRINVILLIER

FORTIN OF FRINVILLIER

Come and visit the buildings of the Association des Ouvrages de Frinvillier. You will immerse yourself in a part of Swiss military history. Frinvillier's work is unique in its conception. Frinvillier was a very important strategic position, because it was the last possibility to block the way against the enemy before reaching the Seeland. It is for this reason that it has been powerfully fortified, hence its unique design. By visiting the fortifications, you will make a journey back in time.
