# A WINE EXPERIENCE IN TÜSCHERZ

Enjoy wines where they are made. Get to know winegrowers where they work year in, year out: by the lake, not far from the steep vineyards, very close to the cool wine cellars. Come to the harbour of Tüscherz and be there when the great new 24 wines and the pearls from previous years are presented! From "fresh and sparkling" to "fruity and sweet" to "rich in tannins and aged in barriques". All accompanied by pieces of fried fish and snacks.
