FIGHT THE CRAB

"Fight the Crab" is the story of the strong bond between a sister and her brother. Between Charline, now cured of a very aggressive form of breast cancer, and Laurent, who closely followed his sister's fight against the disease. Moved by this experience, Laurent wanted to do something for those who fight cancer on a daily basis. And so 'Fight the Crab' was born, a summer event for cyclists of all abilities.

Are you a family, a Sunday cyclist or a seasoned pedaller? You're bound to find what you're looking for among the different routes proposed by Laurent. And here's the icing on the cake: each route includes timed sections so that those who want to can sprint against the others. In any case, you won't be sweating for nothing, as all the proceeds will go to the "Ligue vaudoise contre le cancer" (LVC), an association that offers local help to cancer sufferers and their families.
