# STAMMTISCH 3 (ROUND TABLE) WITH COLLECTIF LE SALON & GUESTS

To round off our regulars' table series, we would like to invite you to a special round of talks focussing on the connection between artists and the public. Together with Collectif Le Salon, audience representatives, art critics and journalists, we will discuss the responsibility of artists to foster a dialogue rather than just a monologue.

This event will highlight the different ways in which art projects can be presented and emphasise the importance of engaging with the public. It is an opportunity to question the role of art in society and explore new ways of interaction and participation.

Join us as we think together about the future of art and the creation of artistic dialogues.
