# ANDRYY AND SPECIAL GUEST

'Andryy goes on club tour and exclusively presents new songs from his upcoming debut album.'

Andryy is known as a true sentimentalist who describes a journey through the depths and heights of the human condition through his music. With songs like 'Julia', 'Geheimnis', 'Ich Liebes Wie Du Mich Veränderlich', 'Geisterfahrer' and many others, he paints artistic pictures that reflect life. His contemporary pop is not only catchy, but also sophisticated and always carries a clear message. Next autumn, the Best Talent Swiss Music Awards winner will be touring Switzerland with his fantastic band. He will not only be presenting new songs that have never been performed live before, but will also be bringing all his hits with him. Unforgettable concerts full of energy and passion are the promise - tickets are available now.
