DINE AND LIGHT AU CHALET

Have you ever spent an evening with friends in a genuine wooden chalet, surrounded by the scent of pine and the crackling of the fireplace? And have you ever met a cow as adventurous as Mike Horn? No? Then embark on a culinary and luminous adventure with Vanda during a "Dine and Light" evening in a rustic wooden chalet. An authentic, unique, and dazzling experience awaits you, showcasing the various regions of the Canton of Fribourg.

Get cozy in a chalet for 4 to 6 people and enjoy a delicious four-course meal over the course of nearly three hours, while accompanying Vanda on her journey through the Canton of Fribourg. A light projection on the table will take you from the peak of the Moléson to the vineyards of Vully. Immerse yourself in a world of light and fantasy, and savor the carefully crafted dishes that offer you a taste of the culinary diversity of the Canton of Fribourg.

Vanda the cow, the heroine of this epic, will guide you through several iconic places in the Canton of Fribourg, allowing you to taste the region's typical dishes, including the famous "moitié-moitié" cheese fondue. With each bite, full of new surprises, you'll listen to Vanda's exciting story, projected right onto your table.

Dine and Light "in the chalet" is not just an ordinary meal; it's a timeless moment that combines culinary discovery and magic. From Murten to Gruyères and all the way to Fribourg, experience a unique evening within the walls of this very special chalet.

Are you ready for an adventure? And will you manage to cross the finish line of the Murten Run before Vanda?
