HEELS / HIGH HEELS

Heels Dance is a dance style where dancers wear high heels, also known as "heels." This style combines elements from various dance genres such as jazz, hip-hop, burlesque, and voguing, often set to pop music. Heels Dance emphasizes elegance, grace, and sensuality, while also demanding technical skill and body control. The movements are often fluid and smooth, with a particular focus on posture, clean lines, and expressive performance.
