BASIC COURSE BIEL: EMPATHY AND CONFLICT RESOLUTION

Empathy City of Biel is founded! A self-organised educational project offers courses in empathy and conflict resolution based on Marshall Rosenberg's non-violent communication. The courses are offered on the basis of the donation economy.

The first evening is a non-binding taster session. Enjoy the introduction and then decide whether you would like to attend the entire course (7 evenings). You can pay what you want, including zero.

The course is held in English. Questions in French and German are very welcome. The teacher Samuel Spieser speaks all three languages. His mother tongue is French.
