# REGGAETON

Reggaeton (also known as Parreo) is originally a street dance from Puerto Rico. Technically, it can be compared to hip-hop. Reggaeton is a music genre that has evolved from a mix of reggae, dancehall, hip-hop, Latin American music, and dance music. This Reggaeton class is perfect for anyone who wants to let loose and learn this trendy and energetic dance style. It's a solo dance course, so no dance partner is needed.
