# HALLOWEEN DISCO

On the programme this year: new decorations in the making, new infrastructures under construction, and lots of other surprises to discover! Suffice to say, this year's event promises to be one to remember!

Of course, all the must-sees, such as the famous 'death' shot bar and the harbour, will be back. The Noctambus will also be available for your travels. Find out more on our Instagram and Facebook pages!

So get out your best disguise and come and party with us until the night is over!
