DENIS SAVARY - NASHVILLE

The video artist, sculptor and scenographer Denis Savary (*1981) has been developing a simultaneously challenging and playful oeuvre full of references of all kinds over the last twenty years. Each of his exhibitions spins its own story, in which the most banal everyday life and the most insignificant detail meet fantastic narratives and grandiose images. The large Salle Poma offers space and opportunity to present existing and newly created sculptures, as well as a new film in a own scenographic arrangement.
